U TRADE MARKETS will enter into a contract with a Counterparty which is identical in all respects to the contract between U TRADE MARKETS and the Client. - U TRADE MARKETS is unable to calculate prices in the relevant Contract due to the unavailability of the relevant market information.

U TRADE MARKETS informs the Client of the withdrawal and the reasons for it, where possible, before the withdrawal and if this is not possible immediately thereafter, unless giving such information would compromise objectively justified security reasons;

4.8.8 U TRADE MARKETS reserves a right to raise commission on withdrawal up to 4.5% in case there is no sufficient trading activity between last deposit and withdraw request.

4.9 Normally U TRADE MARKETS shall not provide any advice to the Client on any tax issues related to any Services. The Client is advised to obtain individual independent counsel from its financial advisor, auditor or legal counsel with respect to tax implications of the respective Services.

4.10 Notwithstanding any other provision of this Agreement, in providing its Services, U TRADE MARKETS shall be entitled to take any action considered necessary and reasonable to ensure compliance with the Market Rules and all other applicable laws and regulatory decisions.

5.0 DEALINGS BETWEEN THE COMPANY AND THE CLIENT

5.1 The Client may provide U TRADE MARKETS with oral through recorded telephone or written instructions (which shall include instructions provided via the internet or by e-mail as described below). U TRADE MARKETS shall acknowledge the reception of the instructions orally or in writing, as appropriate.

5.2 The Client shall inform U TRADE MARKETS in writing of the persons the Client has granted a Power of Attorney to instruct U TRADE MARKETS on behalf of the Client. For practical reasons, U TRADE MARKETS can only undertake to register one Power of Attorney for the Client. If the Client at any time wishes to revoke such a Power of Attorney, to change the extent of the Power of Attorney, or grant Power of Attorney to a different person this shall also be informed to U TRADE MARKETS in writing. U TRADE MARKETS is in accordance with general rules regarding Power of Attorneys entitled to receive instructions from any person authorised by the Client as well as persons who appear authorised.

5.3 In addition to the terms listed on U TRADE MARKETS's website and the terms stated in Section 6 regarding the Trading Platform, the following terms apply to Contracts executed on the internet:

5.3.1 U TRADE MARKETS shall not undertake the risk towards Clients for any loss, expense, cost or liability suffered or incurred by the Client due to failure of the system, transmission failure or delays or similar technical errors unless U TRADE MARKETS has exercised gross negligence in connection herewith, notwithstanding Clause 6.9;

5.3.2 U TRADE MARKETS may offer real-time tradable prices to the Client. Due to delayed transmission between the Client and U TRADE MARKETS the price offered by U TRADE MARKETS may have changed before an order from the Client is received by U TRADE MARKETS. If automatic order execution is

offered to the Client, U TRADE MARKETS shall be entitled to change the price on which the Client's order is executed to the market value at the time at which the order from the Client was received;

- 5.3.3 Prices offered by U TRADE MARKETS regarding the sale, purchase or exercise of Contract Options reflect the price of the relevant exchange traded product. Due to delays from the Client's execution of an order or instruction regarding a Contract Option to the execution of the relevant exchange traded product on the exchange, the price as listed on the Trading Platform is subject to change, in order for the Contract Option to reflect the price of the relevant exchange traded product at the time of its execution or exercise (as applicable);
 - 5.3.4 The Trading Platform may be available in several versions, which may be differentiated in various aspects including, but not limited to the level of security applied, products and services available etc. U TRADE MARKETS shall not be liable to the Client for any loss, expense, cost or liability suffered or incurred by the Client due to the Client using a version different from U TRADE MARKETS's standard version with all available updates installed;
 - 5.3.5 The Client shall be responsible for all orders, and for the accuracy of all information, sent via the internet using the Client's name, password or any other personal identification means implemented to identify the Client;
 - 5.3.6 The Client is obliged to keep passwords secret and ensure that third parties do not obtain access to the Client's trading facilities;
 - 5.3.7 If the Trading Platform is used for Commercial use the Client is liable to U TRADE MARKETS for Contracts executed by use of the Client's password even if such use might be wrongful;
 - 5.3.8 Regardless of the fact that the Trading Platform might confirm that a Contract is executed immediately when the Client transmits instructions via the Trading Platform, it is the Settlement/Trade Confirmation forwarded by U TRADE MARKETS or made available to the Client on the Trading Platform which solely constitutes U TRADE MARKETS's confirmation of execution.
- 5.4 Any instruction sent via the Trading Platform or by e-mail by the Client shall only be deemed to have been received and shall only then constitute a valid instruction

and/or binding Contract between U TRADE MARKETS and the Client when such instruction has been recorded as executed by U TRADE MARKETS and confirmed by U TRADE MARKETS to the Client through the Settlement/Trade Confirmation and/or Account Statement, and the mere transmission of an instruction by the Client shall not constitute a binding Contract between U TRADE MARKETS and the Client.

- 5.5 The Client shall promptly give any instructions to U TRADE MARKETS, which U TRADE MARKETS may require. If the Client does not give such instructions promptly, U TRADE MARKETS may, at its reasonable discretion, take such steps at the Client's cost, as U TRADE MARKETS considers necessary or desirable for its own protection or the protection of the Client. This provision is similarly applicable in situations when U TRADE MARKETS is unable to obtain contact with the Client.
- 5.6 If the Client does not provide U TRADE MARKETS with notice of its intention to exercise an option, a Contract Option or another Contract which requires an instruction from the Client at the time stipulated by U TRADE MARKETS, U TRADE MARKETS may treat the option or Contract as abandoned by the Client. If the Client wishes to exercise an option, Contract Option or another Contract, the Client must provide U TRADE MARKETS with notice thereof in reasonable time (and within applicable cut-off times) for U TRADE MARKETS to exercise the corresponding right under any contract equivalent to the Contract Option that U TRADE MARKETS has entered into with any Counterparty. Contract Options (put and call) that close one tick or more in the money on the last trading day will automatically be exercised, regardless of whether the Client has purchased or sold the Contract Option. The Client cannot instruct U TRADE MARKETS not to exercise Contract Options that are in the money at expiry and cannot at any time instruct U TRADE MARKETS to exercise Contract Options that are out of the money.
- 5.7 U TRADE MARKETS applies a random method of assignment among its Clients' Contract Options when U TRADE MARKETS is notified by its Counterparties that one or more short option positions have been assigned. U TRADE MARKETS's allocation method randomly selects short Contract Options among all U TRADE MARKETS's Clients' positions, including Contract Options opened immediately prior to the assignment. All short Contract Options are liable for assignment at any time. If a short Contract Option is assigned, the Client is obliged, within the applicable time of

delivery, to deliver the relevant amount of cash or assets in the case of a call Contract Option and the relevant amount of cash in the case of a put Contract Option, to effect settlement.

- 5.8 U TRADE MARKETS may (but shall not in any circumstances be obliged to) require confirmation in such form as U TRADE MARKETS may reasonably request if an instruction is to close an Account or remit money due to the Client or if it appears to U TRADE MARKETS that such confirmation is necessary or desirable.
- 5.9 Pursuant to general rules regarding power of attorney the Client is accountable to U TRADE MARKETS for losses which U TRADE MARKETS may suffer as a result of instructions from a person who has explicitly or tacit power of attorney to give U TRADE MARKETS instructions on behalf of the Client.
- 5.10 U TRADE MARKETS reserves the right in its absolute discretion to cancel, unwind, close out, repair, reinstate or take other action it may deem necessary with respect to open or closed trades of Client or instructions from the Client where the trades executed or instructions submitted would be in violation of, but not limited to, the Agreement, securities markets legislation, usual market practices, legislation on money laundering or insider trading or if the Client is using or has otherwise engaged proprietary or third party malicious and manipulative software or plugins or general trading style that in U TRADE MARKETS's, its eligible counterparties' or liquidity providers' view, has the actual, suspected or potential nature of breaching the Agreement or relevant securities markets legislation or U TRADE MARKETS believes that to execute its absolute discretion with the regards to the above matters is necessary to protect its own interests, or the interests of its Clients.
- 5.11 In general, U TRADE MARKETS shall act according to instructions as soon as practically possible and shall, as far as trading instructions are concerned, act consistent with the broker's Best Execution Policy. However, if after instructions are received, U TRADE MARKETS believes that it is not reasonably practicable to act upon such instructions within a reasonable time, U TRADE MARKETS may defer acting upon those instructions until it is, in U TRADE MARKETS's reasonable opinion, practicable to do so or as soon as possible notify the Client that U TRADE MARKETS is refusing to act upon such instructions.

5.12 It is possible that errors may occur in the prices of transactions quoted by U TRADE MARKETS. In such circumstances, without prejudice to any rights it may have, U TRADE MARKETS shall not be bound by any Contract which purports to have been made (whether or not confirmed by U TRADE MARKETS) at a price which:

- i U TRADE MARKETS is able to substantiate to the Client was manifestly incorrect at the time of the transaction; or
- ii was, or ought to have reasonably been known by the Client to be incorrect at the time of the transaction. In which case U TRADE MARKETS reserves the right to either
 - a. cancel the trade all together or
 - b. correct the erroneous price at which the trade was done to either the price at which U TRADE MARKETS hedged the trade or alternatively to the historic correct market price.

5.13 Trading strategies aimed at exploiting errors in prices and/or concluding trades at off-market prices (commonly known as "sniping") are not accepted by U TRADE MARKETS Provided that U TRADE MARKETS can document that there on the time of the conclusion of the trade were errors in prices, commissions, or in the Trading Platform, and provided U TRADE MARKETS can render probable that the Client, based on its trading strategy or other provable behavior, deliberate and/or systematically has exploited or attempted to exploit such an error, U TRADE MARKETS is entitled to take one or more of the following countermeasures:

- i adjust the price spreads available to the Client;
- ii restrict the Client's access to streaming, instantly tradable quotes, including providing manual quotation only;
- iii retrieve from the Client's account any historic trading profits that U TRADE MARKETS can document have been gained through such abuse of liquidity at any time during the client relationship; and/or
- iv terminate the client relationship immediately by giving written notice.

5.14 If the Client is more than one person (for example, joint accountholders):

- i the liabilities of each such person shall be direct, joint and several;
- ii U TRADE MARKETS may act upon instructions received from anyone person who is, or appears to U TRADE MARKETS to be, such a person, whether or not such person is an Authorised Person;
- iii any notice or other communication provided by U TRADE MARKETS to one such person shall be deemed to have been provided to all such persons; and
- iv the rights of U TRADE MARKETS under Clause 19 shall apply if an event described in Clause 19 shall be deemed to have occurred in respect of any one of such persons.

5.15 The Client agrees that U TRADE MARKETS may record all telephone conversations, internet conversations (chat), and meetings between the Client and U TRADE MARKETS and use such recordings, or transcripts from such recordings, as evidence towards any party (including, but not limited to, any regulatory authority and/or court of law) to whom U TRADE MARKETS at its reasonable discretion sees it to be desirable or necessary to disclose such information in any dispute or anticipated dispute between U TRADE MARKETS and the Client. However, technical reasons may prevent U TRADE MARKETS from recording a conversation, and recordings or transcripts made by U TRADE MARKETS will be destroyed in accordance with U TRADE MARKETS's normal practice. Consequently, the Client should not rely on such recordings to be available.

5.16 When the Client instructs U TRADE MARKETS to enter into a position opposite to one or more of the Client's open positions, U TRADE MARKETS will close out the opposite position in accordance with the FIFO principles unless the position has related orders or otherwise agreed.

5.17 The Client acknowledges that U TRADE MARKETS has the right to, but not the obligation to close directly opposite positions. This applies not only when the positions are held on the on the same account, but also when they are held on separate accounts.

5.18 If the Client operates several Accounts (or subaccounts) and opposite positions are opened on different Accounts (or sub-accounts), U TRADE MARKETS shall not close

out such positions. The Client is specifically made aware that unless closed manually, all such positions may be rolled over on a continuous basis and thereby consequently all incur a cost for such roll-over.

6.0 SPECIAL NOTE ON THE USE OF THE TRADING PLATFORM

- 6.1 The technical requirements to which the Client's IT equipment, operating system, Internet connection etc. shall conform are described on U TRADE MARKETS's website.
- 6.2 The Client shall enter his user ID and password when logging on to the Trading Platform. The Client should memorize the password. The Client is obligated to notify U TRADE MARKETS without undue delay on becoming aware of unauthorized use of the Trading Platform, or if the Client suspects that the password has been misappropriated by a third party, the Client shall contact U TRADE MARKETS immediately to block his Trading Platform. The Client can then order a new password. The Client is for a period of 18 months after notification entitled to request U TRADE MARKETS to provide the Client with the means to prove that he made such notification.
- 6.3 The Client can block his Trading Platform at any time by contacting U TRADE MARKETS. Blocking the Trading Platform prevents other persons from accessing it. Open orders and positions placed on the platform before the blocking will not be affected by the blocking unless the Client specifically requests so, and the Client is responsible for deciding about his positions.
- 6.4 The right to use the Trading Platform is personal, and the Client shall not allow other persons to use his user ID and/or his password. If the Client wants to allow a third party to trade on the Client's account, the Client shall issue a separate power of attorney to the relevant third party. The power of attorney shall be written on one of U TRADE MARKETS's power of attorney forms. The issue of the power of attorney shall be approved by U TRADE MARKETS.
- 6.5 From the Trading Platform the Client can print reports on trading activities and his account balances.

- 6.6 Where the Client has placed an order which he subsequently regrets, the Client may request that the order be cancelled up until the time of execution. The Client is aware that U TRADE MARKETS is under no obligation to cancel the order. A request for cancellation or an order can be made via the Trading Platform or by calling U TRADE MARKETS Sales Trading. Requests concerning cancellation of orders generated when the margin is exceeded can only be made to U TRADE MARKETS Sales Trading. An order shall not be considered to be cancelled until the Client has received a written confirmation from U TRADE MARKETS.
- 6.7 The Client shall not be liable for unlawful use of the Trading Platform occurring after the Client has informed U TRADE MARKETS.
- 6.8 Where the Trading Platform is used for Private Use, U TRADE MARKETS shall be liable for direct losses resulting from defectively executed orders, unless defectively executed order is due to conditions for which the Client is liable. U TRADE MARKETS shall not be liable for any indirect losses.
- 6.9 U TRADE MARKETS shall not be liable for losses in cases of abnormal and unforeseeable circumstances beyond the control of U TRADE MARKETS pleading for the application of those circumstances, the consequences of which would have been unavoidable despite all efforts to the contrary.
- 6.10 If the Trading Platform is used for Commercial use U TRADE MARKETS shall not be liable for any indirect losses and/or losses resulting from:
- i Operational failures preventing the use of the Trading Platform;
 - ii Interruptions preventing the Client from accessing the Trading platform;
 - iii Use of the Internet as a means of communication and transport;
 - iv Damage caused by matters relating to the Client's own computer systems.
- 6.11 U TRADE MARKETS shall not be responsible for losses resulting from the Client's installation and use of the computer programs used on the Trading Platform, unless such liability follows from indispensable rules of law. Where the Trading Platform is used for Commercial Use, the Client shall be responsible for ensuring that the Trading Platform is adequately insured against direct and indirect losses which may result from the installation and use of the computer programs in the Client's

computer system. Furthermore, the Client shall be obliged to make backup copies of data which, should such data be lost, might result in losses for the Client.

- 6.12 U TRADE MARKETS reserves the right to archive or disable the Client Account that is inactive (no trading and/or deposit/withdrawal activity) for at least 90 calendar days and has a balance of equal or less than 10 euros or equivalent in other currencies. The Client Account may be restored from archive only to generate a report/statement and not for trading or depositing. Restored Client Account is again put back to archive once the report/statement is generated. The Client may always open a new trading account and is allowed to transfer any archived balance to the new account. U TRADE MARKETS is not obligated to inform the Client prior to or after archivation/disabling.

Even if the Client takes steps to reduce the size of open Margin Trades or to transfer sufficient funds to U TRADE MARKETS, U TRADE MARKETS may close one, several or all of the Client's Margin Trades or part of a Margin Trade and/or liquidate or sell securities or other property at the Client's account at its sole discretion without assuming any responsibility towards the Client for such action.

8.3 If U TRADE MARKETS due to insufficient margin, cf. Clause 8.2, may close one, several or all of the Client's Margin Trades, the Client shall expect, unless otherwise agreed and confirmed by U TRADE MARKETS that all of the Client's open Margin Trades will be closed.

8.4 If the Client has opened more than one Account, U TRADE MARKETS is entitled to transfer money or Security from one Account to another, even if such transfer will necessitate the closing of Margin Trades or other trades on the Account from which the transfer takes place.

8.5 U TRADE MARKETS's general margin requirements for different types of Margin Trades are displayed on U TRADE MARKETS's web site. However, U TRADE MARKETS reserves the right to determine specific margin requirements for individual Margin Trades.

8.6 The Client is specifically made aware that the margin requirements are subject to change without notice. When a Margin Trade has been opened, U TRADE MARKETS is not allowed to close the Margin Trade at its discretion but only at the Client's instruction or according to U TRADE MARKETS's rights under this Agreement. However, U TRADE MARKETS will increase the margin requirements if U TRADE MARKETS considers that its risk on a Margin Trade has increased as compared to the risk on the date of the opening.

11.0 INTEREST AND CURRENCY CONVERSIONS

11.1 Subject to the Clause below and save as otherwise agreed in writing, U TRADE MARKETS shall not be liable to:

- i pay interest to the Client on any credit balance in any Account or on any other sum held by U TRADE MARKETS; or

12.2 If the Client fails to fulfill any obligation under this Agreement, U TRADE MARKETS is entitled to sell any pledged Security immediately without any notice or court action. Such sale shall take place by the means that U TRADE MARKETS in its reasonable discretion determines and at the price that U TRADE MARKETS in its reasonable discretion determines to be the best obtainable.

13.0 NETTING AGREEMENT

13.1 If on any date the same amounts are payable under this Agreement by each party to the other in the same currency, then, each party's obligations to make payment of any such amount will be automatically satisfied by netting. If the amounts are not in the same currency, the amounts are converted by U TRADE MARKETS in accordance with the principles referred to in Clause 11.

13.2 If the aggregate amount that is payable by one party exceeds the aggregate amount that is payable by the other party, then the party by whom the larger aggregate amount is payable shall pay the excess to the other party and the obligations to make payment of each party will be satisfied and discharged.

13.3 If the Client, at any time during the Client relationship, has a negative cash-balance in any Account, U TRADE MARKETS is entitled but not obligated to net between the Client's Accounts. The Client shall bear all the charges and any other costs

associated with such netting in accordance with the Commissions, Charges & Margin Schedule.

- 13.4 If the Client relationship is terminated according to Clause 23, the claims that the parties have against each other shall be finally discharged by means of netting (closed). The value of open Contracts shall be determined according to the principles set forth below and the final amount to be paid by one of the parties shall be the difference between the payment obligations of the parties.
- 13.5 Rates based on which the Contracts shall be closed shall be market rates applicable on the day on which U TRADE MARKETS decides to close the Contracts.
- 13.6 U TRADE MARKETS may at its reasonable discretion determine the rates by obtaining an offer from a Market Maker in the asset in question or by applying rates from electronic financial information systems.
- 13.7 When determining the value of the Contracts to be netted, U TRADE MARKETS shall apply its usual spreads and include all costs and other charges.
- 13.8 This netting agreement shall be binding towards the estate and creditors of the parties to the client relationship.

14.0 MARKET MAKING

- 14.1 When U TRADE MARKETS executes orders as Agent for the Client on a recognized stock or futures exchange, U TRADE MARKETS will not be a party to such a trade as such orders will be executed in the trading system of the relevant exchange at the best price and the most favourable conditions available at the time of the order or according to the Client's specific instructions, e.g. in a situation where the Client has chosen to limit the order. U TRADE MARKETS will not include any additional spread in the price of the execution achieved for the Client but will be remunerated according to the Commissions, Charges & Margin Schedule.
- 14.2 In order for U TRADE MARKETS to quote prices with the swiftness normally associated with speculative trading, U TRADE MARKETS may have to rely on available price or availability information that may later prove to be faulty due to

specific market circumstances, for instance, but not limited to, lack of liquidity in or suspension of an asset or errors in feeds from information providers or quotes from Counterparties. If so and if U TRADE MARKETS has acted in good faith when providing the price to the Client, U TRADE MARKETS may cancel the trade with the Client but shall do so within reasonable time and shall provide the Client with a full explanation for the reason for such cancellation.

- 14.3 Following execution of any position with a Client, U TRADE MARKETS may at U TRADE MARKETS's reasonable discretion subsequently offset each such client position with another client position, or a position with one of U TRADE MARKETS's Counterparties or retain a proprietary position in the market with the intention to obtain trading profits from such positions. Such decisions and actions may therefore result in U TRADE MARKETS off- setting client positions at prices different (sometimes significantly different) from prices quoted to clients, resulting in trading profits or losses for U TRADE MARKETS. This in turn can raise the possibility of the Client incurring what may be seen as an implied cost (i.e. the difference between the price at which the Client traded with U TRADE MARKETS and the price at which U TRADE MARKETS subsequently traded with Counterparties and/or other clients) due to any profits realised by U TRADE MARKETS as a result of the Market Making function. However, the Market Making function may involve significant costs to U TRADE MARKETS if the market moves against U TRADE MARKETS as compared to the price at which U TRADE MARKETS traded with the Client.
- 14.4 The Client acknowledges, recognizes and accepts that the price quoted to the Client includes a spread when compared with the price to which U TRADE MARKETS may have covered or expected to be able to cover the Contract in a trade with another client or a Counterparty. Furthermore, the Client acknowledges, recognizes and accepts that said spread constitutes remuneration to U TRADE MARKETS and that such spread not necessarily can be calculated for all Contracts and that such spread will not be specified at the Settlement/Trade Confirmation or otherwise revealed to the Client.
- 14.5 The Client acknowledges, recognizes and accepts that U TRADE MARKETS quotes variable spreads on options. The Client is specifically made aware that variable

option spreads are affected by actual market conditions, which are beyond U TRADE MARKETS's control. U TRADE MARKETS does not guarantee any maximum or minimum quotable option spreads.

- 14.6 If the Client is an active trader and is undertaking numerous transactions, the total impact of as well visible as not visible costs may be significant. Consequently, the Client may have to obtain significant profits in the markets in order to cover the costs associated with trading activities with U TRADE MARKETS For very active Clients, such costs may over time exceed the value of the margin deposited. Normally, when trading margined derivatives, the lower the percentage of the applicable margin rate, the higher the proportion of the costs associated with executing a transaction.

15.0 AGGREGATION AND SPLIT

- 15.1 U TRADE MARKETS is in accordance with the broker's Best Execution Policy entitled to aggregate the Client's orders with the broker's own orders, orders of any of the broker's associates and/or persons connected with U TRADE MARKETS including employees and other clients. Furthermore, U TRADE MARKETS may split the Client's orders when executing these. The orders will only be aggregated or split if U TRADE MARKETS reasonably believes it to be in the best interest of the Client. On some occasions aggregation and split of the Client's order may result in the Client obtaining a less favourable price than if the Client's orders had been executed respectively separately or mutually.

16.0 CONFLICTS OF INTEREST

- 16.1 U TRADE MARKETS, its associates or other persons or companies connected with U TRADE MARKETS may have an interest, relationship or arrangement that is material in relation to any transaction or Contract effected, or advice provided by U TRADE MARKETS, under this Agreement. By accepting this Agreement and U TRADE MARKETS's Conflict of Interest Policy (which distinctly describes the general character and/or background of any conflict of interest) the Client agrees that U TRADE MARKETS may transact such business without prior reference to any potential specific conflict of interest.

17.0 U TRADE MARKETS'S COUNTERPARTIES

- 17.1 In order to give effect to the Client's instructions, U TRADE MARKETS may instruct a Counterparty selected at U TRADE MARKETS's discretion and U TRADE MARKETS shall do so where the transaction is to be subject to the rules of an exchange or market of which U TRADE MARKETS a member is not.
- 17.2 U TRADE MARKETS shall not be responsible for errors committed by such Counterparties unless it is proven that U TRADE MARKETS has not acted with sufficient care when selecting the Counterparty.

18.0 DEFAULT AND DEFAULT REMEDIES

- 18.2 U TRADE MARKETS reserves the right to retain, or make deductions from, any amounts which U TRADE MARKETS owes to or is holding for the Client if any amounts are due from the Client to U TRADE MARKETS or U TRADE MARKETS's associates.

- vi if a petition is presented for the winding-up or administration of the Client;
- vii if an order is made or a resolution is passed for the winding-up or administration of the Client (other than for the purposes of amalgamation or reconstruction with the prior written approval of U TRADE MARKETS);
- viii if any distress, execution or other process is levied against any property of the Client and is not removed, discharged or paid within seven days;
- ix if any security created by any mortgage or charge becomes enforceable against the Client and the mortgagee or chargee takes steps to enforce the security or charge;
- x if any indebtedness of the Client or any of its subsidiaries becomes immediately due and payable, or capable of being declared so due and payable, prior to its stated maturity by reason of default of the Client (or any of its subsidiaries) or the Client (or any of its subsidiaries) fails to discharge any indebtedness on its due date;
- xi if the Client fails to fully comply with obligations under this Agreement or any Contract, including refrains from complying with Margin requirements;
- xii if any of the representations or warranties given by the Client are, or become,

untrue;

- xiii if U TRADE MARKETS or the Client is requested to close a Contract (or any part of a Contract) by any regulatory agency or authority; or

- i sell or charge in any way any or all of the Client's collateral, assets and property which may from time to time be in the possession or control of U TRADE MARKETS or any of its associates or Agents or call on any guarantee, without any notice or court order. Sale of Security, assets and property shall take place by means that U TRADE MARKETS in its reasonable discretion determines and at the price that U TRADE MARKETS in its reasonable discretion determines to be the best obtainable, provided that U TRADE MARKETS shall provide a 7-day notice period before realizing Security of any Client, unless immediate sale is necessary to avoid or limit a loss;
- ii buy or sell any Security, investment or other property where this is, or is in the reasonable opinion of U TRADE MARKETS likely to be, necessary in order for U TRADE MARKETS to fulfill its obligations under any Contract and the Client shall reimburse U TRADE MARKETS for the full amount of the purchase price plus any associated costs and expenses;

- vii close-out all Contracts and net all the Client's and U TRADE MARKETS's obligations towards each other as of the date fixed by U TRADE MARKETS with effect to third parties.
- 18.6 The Client authorises U TRADE MARKETS to take any or all of the steps described in this Clause without notice to the Client and acknowledges that U TRADE MARKETS shall not be responsible for any consequences of it taking any such steps, unless U TRADE MARKETS has exercised gross negligence in connection herewith. 26.0 RISK DISCLOSURE STATEMENT FOR TRADES IN FOREIGN EXCHANGE AND DERIVATIVES (INCLUDING CFD'S, FUTURES AND OPTIONS)

This brief statement, which constitutes an addition to this Agreement, does not disclose all of the risks and other significant aspects of trading foreign exchange and derivatives. In consideration of the risks, you should enter into transactions with the mentioned products only if you understand the nature of the contracts and the contractual legal relationship into which you are entering and the extent of your exposure to risk. Transactions in foreign exchange and derivatives are not suitable for many members of the public. You should carefully consider whether transacting is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances.

Version: 2023/01

Appendix

1.0 FOREIGN EXCHANGE AND DERIVATIVES

1.1 Effect of "Leverage" or "Gearing"

Transactions in foreign exchange and derivatives carry a high degree of risk. The amount of initial margin may be small relative to the value of the foreign exchange or derivatives contract so that transactions are "leveraged" or "geared". A relatively small market movement will have a proportionately larger impact on the funds you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of initial margin funds and any additional funds deposited with U TRADE MARKETS to maintain your position. If the market moves against your position and/or margin requirements are increased, you may be called upon to deposit additional funds on short notice to maintain your position. Failing to comply with a request for a deposit of additional funds, may result in closure of your position(s) by U TRADE MARKETS on your behalf and you will be liable for any resulting loss or deficit.

1.2 Risk-reducing Orders or Strategies

The placing of certain orders (e.g. "stop-loss" orders, where permitted under local law, or "stop-limit" orders), which are intended to limit losses to certain amounts, may not be adequate given that markets conditions make it impossible to execute such orders, e.g. due to illiquidity in the market. Strategies using combinations of positions, such as "spread" and "straddle" positions may be as risky as taking simple "long" or "short" positions.

OPTIONS

1.3 Variable Degree of Risk

Transactions in options carry a high degree of risk. Purchasers and sellers of options should familiarize themselves with the type of option (i.e., put or call) which they contemplate trading and the associated risks. You should calculate the extent to which

the value of the options must increase for your position to become profitable, taking into account the premium and all transaction costs. The purchaser of options may offset or exercise the options or allow the option to expire. The exercise of an option results either in a cash settlement or in the purchaser acquiring or delivering the underlying interest. If the option is on a future, the purchaser will acquire a futures position with associated liabilities for margin (see the section on Futures above). If the purchased option is out-of-the-money when it expires, you will suffer a total loss of your investment, which will consist of the option premium plus transaction costs. If you are contemplating purchasing out-of-the-money options, you should be aware that the chance of such options becoming profitable ordinarily is remote.

Selling ("writing" or "granting") an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will be liable for additional margin to maintain the position if the market moves unfavourably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obligated to either settle the option in cash or to acquire or deliver the underlying interest. If the option is on a future, the seller will acquire a position in a future with associated liabilities for margin (see the section on Futures above). If the option is "covered" by the seller holding a corresponding position in the underlying asset, in a future or in another option, the risk may be reduced. In case the option is not covered, the risk of loss can be unlimited.

Certain exchanges in some jurisdictions permit deferred payment of the option premium, exposing the purchaser to liability for margin payments not exceeding the amount of the premium. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

2.0 ADDITIONAL RISKS COMMON TO FOREIGN EXCHANGE AND DERIVATIVE TRANSACTIONS

2.1 Terms and Conditions of Contracts

You should ask the firm with which you deal about the terms and conditions of the Contracts entered into and information on associated obligations (e.g. the circumstances under which you may become obligated to make or take delivery of the underlying

interest of a futures contract and, in respect of options, expiration dates and restrictions on the time for exercise). Under certain circumstances the specifications of outstanding contracts (including the exercise price of an option) may be modified by the exchange or clearing house to reflect changes in the underlying interest.

2.2 Suspension or Restriction of Trading and Pricing Relationships

Market condition (e.g. illiquidity) and/or the operation of the rules of certain markets (e.g., the suspension of trading in any contract or contract month because of price limits or "circuit breakers") may increase the risk of loss by making it difficult or impossible to effect transactions or close/ offset positions. If you have sold options, this may increase the risk of loss.

Normal pricing relationships between the underlying asset and a derivative do not always exist. The absence of an underlying reference price may make it difficult to judge "fair" value.

2.3 Deposited Cash and Property

You should familiarize yourself with the protections accorded the Security you deposit by way of money or other assets in domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or other assets is governed by the legislation and local rules in the country at which location the counterparty acts.

2.4 Commission and Other Charges

Before you begin to trade, you should obtain a clear explanation of all commission, fees and other charges for which you will be liable. These charges will affect your net profit or loss.

2.5 Transactions in Other Jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to

regulation, which may offer different or diminished investor protection. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your transactions have been effected.

2.6 Currency Risks

The profit or loss in transactions in foreign currency-denominated contracts in another currency than your account currency will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to the account currency.

2.7 Trading Facilities

Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary: you should ask the firm with which you deal for details in this respect.

2.8 Electronic Trading

Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions, is not executed at all and a lack of capability to keep you informed continuously about your positions and fulfillment of the margin requirements.

2.9 Off-Exchange Transactions

In some jurisdictions firms are permitted to effect off-exchange transactions. The firm with which you deal may be acting as your counterpart to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine

a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarize yourself with applicable rules and attendant risks.
